About Us

AGAPE GIVER is a non-profit organization that supports children with Special Needs. It was founded on August 5th, 2019, and fully registered on November 24th, 2020. We provide basic needs and supportive information to the vulnerable special needs children and their families through fundraising and donations. We help to restore hope to the parents, caretakers, and the general community through preaching the gospel of Jesus Christ. Agape Giver also sensitizes and creates awareness about the endangerments of stigma to a child with disability.

Our Works

AGAPE GIVER is built on a Christian faith-based foundation. Every decision and all activities are Christ-centered. The founder of Agape Giver, Pamella Kagombe works jointly with a board of directors and a team of dedicated volunteers to realize the objectives of the organization. These teams are devoted to ensuring that the lives of our young beneficiaries are touched and improved, through outreaches/missions across Uganda.

We collect donations in form of items or cash from individuals, support groups, and other well-wishers. These collections help our children receive items like aid equipment (wheelchairs, hearing aids, crutches, etc.), foodstuffs, beddings, clothes, shoes, toys, school fees and supplies. We carry out outreaches bi-annually (in May and December) where we invite everybody to join and support the great mission of improving and impacting a life of a vulnerable child with special needs.

OUR MISSION

To create an enabling environment for children with special needs by providing adaptive equipment and restoring hope.

OUR VISION

Nurturing an independent, self-reliant, healthy and fulfilled child according to God's original plan and purpose, as well as creating public sensitization, awareness and acceptance of children with special needs.

JOEL SERUGO

JOEL SERUGO is Agape Giver's longest beneficiary whom we met back in 2018 in Jinja by the help of our team member Pr. Steven Bwile who plays a significant role in Joel's wellbeing. JOEL lives with his grandmother.

Due to living a life of special needs, JOEL used to struggle with challenges like being bullied by his fellow children, being misunderstood by many people due to his speech impairment and slow mobility which is caused by his limb-length discrepancy among others.

AGAPE GIVER, addressed some of these challenges by enrolling him to a special needs school which now caters for his special needs through inclusion, acceptance and therapy. It is fulfilling to report that JOEL is now a happy boy and his life style is much improved.

JOEL thrives in his academics and tops his class, below are his report cards.
